

Safety Issues in the Healthcare Setting

June 24, 2004
9:00 a.m. to 12:00 noon
Registration 8:30 a.m.

Rhodes On-The-Pawtuxet, Inc.
60 Rhodes Place
Cranston, RI 02905
(401) 785-4333

Needle sticks and patient handling injuries continue to occur in large numbers in the health care setting. An overview of the applicable OSHA standards will be provided. Our presenters will offer suggestions on what they are doing to encourage safe work practices and share the effective program medications they have made at their facilities. The seminar will also include a demonstration on proper patient handling techniques using the most common lifting practices and assistive devices.

Directions:

From the north: Take Route 95 south to Exit 17 (Elmwood Ave). Turn left at light onto Elmwood Avenue. Turn left at the fourth traffic light onto Park Avenue. Continue on Park Avenue until it ends at Broad Street. Turn right onto Broad Street and continue for 0.5 miles. Turn right at the gazebo onto Rhodes Place and the building is straight ahead.

From the south: Take Rout 95 north to Exit 16 (Elmwood Avenue). Follow ramp and turn right onto Elmwood Avenue. At the first intersection, turn left onto Park Avenue. Continue on Park Avenue until it ends at Broad Street. Turn right onto Broad Street and continue for 0.5 miles. Turn right at the gazebo onto Rhodes Place and the building is straight ahead.
